

## **Graduate Student Conference Presentation Approval**

Student Name:

Are you the primary author\* of this presentation?

Name, location, and dates of the conference:

Title of the presentation:

Format (e.g. talk or poster? If other, please describe):

Names of all coauthors:

Statistics Department faculty sponsor, with signature (if no coauthors are Statistics Department faculty members):

- For purposes of travel reimbursement, every presentation must designate a single primary author. For traditional talks and lectures, the primary author is expected to present the talk, or bear primary responsibility for the presentation. For posters, the primary author is expected to take overall responsibility for the poster presentation, even if other individuals are involved in the presentation. The author of a single-author presentation is the primary author.
